Even though the foreign exchange market is open 24 hours a day from Sunday 5pm - Friday 4pm not all currencies are open to trade all throughout the day. The most traded currencies in the world are the U.S. dollar, the British pound, the Euro, the Japanese yen, the Australian dollar, the Canadian Dollar, & the New Zealand Dollar. In addition, the busiest trading sessions are the London & New York sessions. **The overlap of the London & New York trading sessions (8am – 11am EST / 1pm – 4pm UTC) provide the most liquidity in the trading day thus becoming a window of opportunity.**

This lesson is about **WHEN** to trade Forex rather than **HOW** to trade Forex. After this section you will uncover: *In Eastern Standard Time*
